

Tage Hansen Our wonderful father, Tage Hansen, passed away on April 29, 2021.

Tage was the husband of Birte Hansen, married for over 67 years. He was the grandfather of five fantastic grandchildren. Tage was an incredible, inspiring, bright and fun man. He lived life to the absolute fullest - his way! Our father taught us how to appreciate and enjoy all life has to offer.

Tage immigrated to America from Denmark with Birte in 1954. They first arrived and lived in New York, but after a year, they came to San Francisco. Our father gave us the best life ever. We were fortunate to enjoy a mountain cabin that he himself built; a childhood in the beautiful Bay Area; and lots and lots of cherished travels. He guided us through life with his positivity and great zest for everything. Our wonderful father, with his heart of gold, will be in our hearts forever. He was so loved and will be so, so missed.

—Bente Berman and Lise Jordan, Tage's daughters.
