

Erik Solyst passed away quietly at his home, March 12, just shy of his 96th birthday. His daughter Laila described how proud he was of his Danish heritage, and how greatly he enjoyed his time at the club. Let's all raise a glass to him! Laila would appreciate any stories or memories that you can email to her, in order to compile them for family and grandkids to share. Please send them to [erik.solyst@att.net](mailto:erik.solyst@att.net) (she will be monitoring that email for awhile before disabling it).
